

Rekenkundige driehoek

Vul de getallen 1 tot en met 9 in de velden in, zodat elke hoek van de driehoek het aangegeven totaal oplevert.

The image contains three mathematical triangles, each with a target sum at its vertices. The top triangle has a top vertex of 30 and two bottom vertices of 30. The middle triangle has a top vertex of 15 and two bottom vertices of 15. The bottom triangle has a top vertex of 40 and two bottom vertices of 40. The triangles are composed of squares, with some squares shaded pink. There are also several pink flower-like icons scattered around the triangles.
