The example shows a central plate with 4 oranges. A vertical line above the plate points to a box containing the number 4. Two arrows point from this box to two separate boxes, each containing the number 2. Below each '2' box is a circle containing two oranges. To the left of the first circle is the head of a girl (Eva), and to the right of the second circle is the head of a boy (Tom).

1

A large oval contains 8 red and white striped candies. Below it, a vertical line connects to a box with the number 8. Two arrows point from this box to two boxes, each with the number 4. Below each '4' box is a circle containing 4 candies. To the left of the first circle is the head of a girl (Eva), and to the right of the second circle is the head of a boy (Tom).

2

A large oval contains 6 coffee beans. Below it, a vertical line connects to a box with the number 6. Two arrows point from this box to two boxes, each with the number 3. Below each '3' box is a circle containing 3 coffee beans. To the left of the first circle is the head of a girl (Eva), and to the right of the second circle is the head of a boy (Tom).

3

A large oval contains 4 pink smoothies with blue straws. Below it, a vertical line connects to a box with the number 4. Two arrows point from this box to two boxes, each with the number 2. Below each '2' box is a circle containing 2 smoothies. To the left of the first circle is the head of a girl (Eva), and to the right of the second circle is the head of a boy (Tom).

4

A large oval contains 2 sandwiches. Below it, a vertical line connects to a box with the number 2. Two arrows point from this box to two boxes, each with the number 1. Below each '1' box is a circle containing 1 sandwich. To the left of the first circle is the head of a girl (Eva), and to the right of the second circle is the head of a boy (Tom).
