

Rechnen am Zahlenstrahl

Rechne und zeichne das Ergebnis auf dem Zahlenstrahl ein!
Das erste Beispiel zeigt dir, wie es funktioniert.

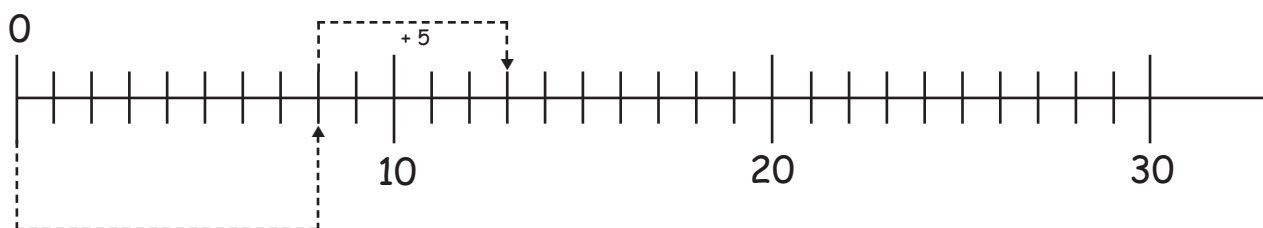

Beispiel:

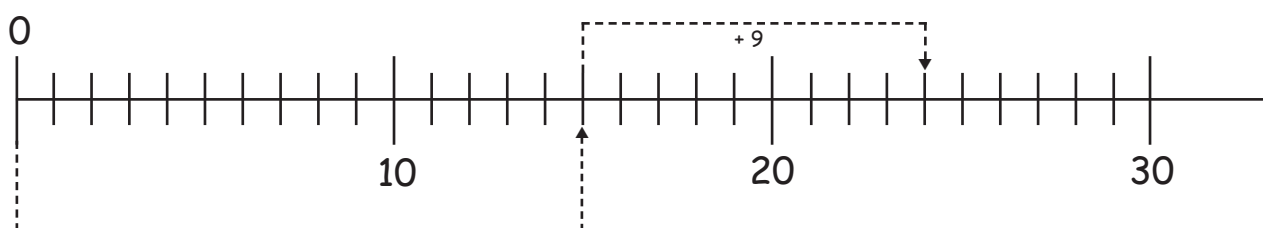

$$12 + 7 = 19$$

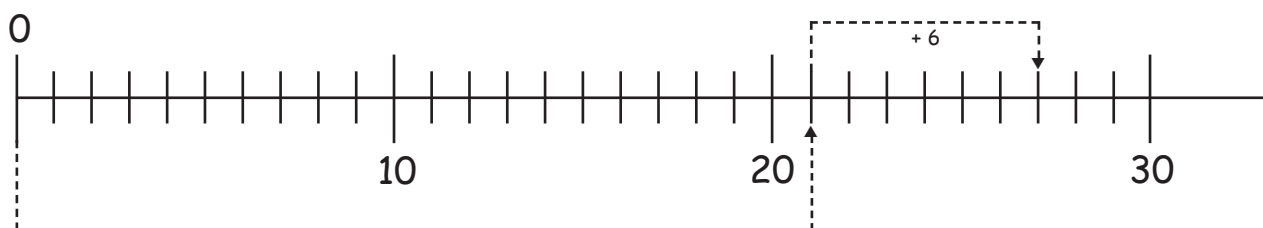

$$8 + 5 = 13$$

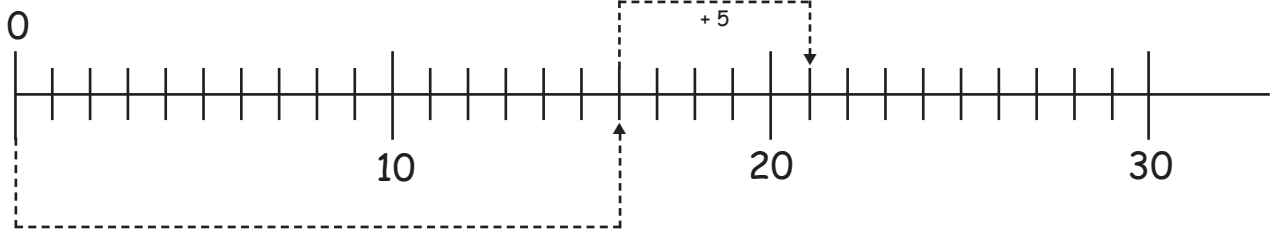

$$15 + 9 = 24$$

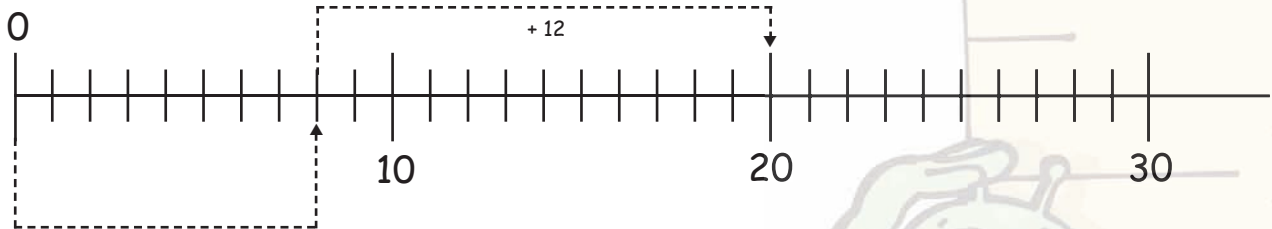

$$21 + 6 = 27$$

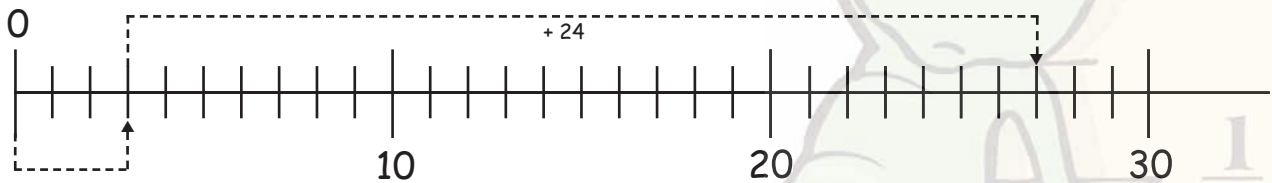

$$16 + 5 = 21$$

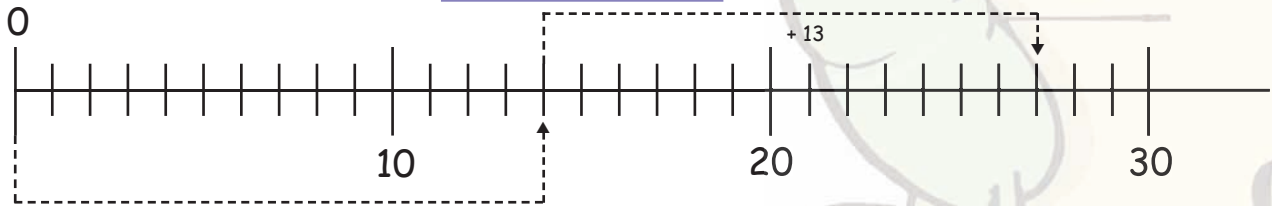

$$8 + 12 = 20$$

$$3 + 24 = 27$$

$$14 + 13 = 27$$

$$10 + 19 = 29$$
