

Rekenen met tientallen

1. Optellen:

$30 + 20 = 50$

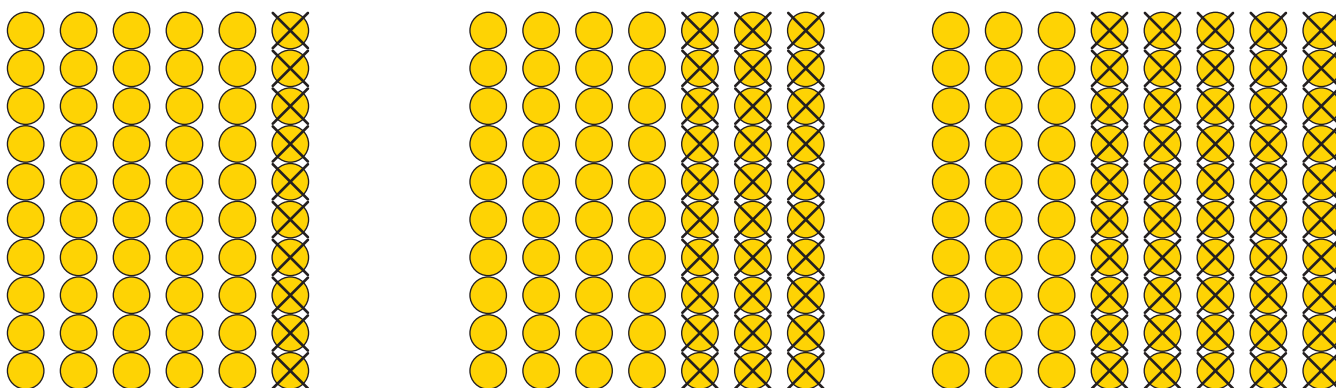

$40 + 30 = 70$

$20 + 50 = 70$

Reken nu uit zonder hulp van de bolletjes.

40 + 10 = 50	20 + 50 = 70	30 + 20 = 50	40 + 50 = 90
20 + 60 = 80	10 + 30 = 40	20 + 10 = 30	20 + 60 = 80
30 + 30 = 60	50 + 40 = 90	40 + 40 = 80	60 + 10 = 70
10 + 70 = 80	30 + 50 = 80	30 + 30 = 60	10 + 50 = 60

2. Aftrekken:

$60 - 10 = 50$

$70 - 30 = 40$

$80 - 50 = 30$

Reken nu uit zonder hulp van de bolletjes.

70 - 20 = 50	60 - 40 = 20	70 - 20 = 50	50 - 40 = 10
60 - 30 = 30	50 - 10 = 40	40 - 10 = 30	80 - 60 = 20
80 - 70 = 10	90 - 80 = 10	70 - 30 = 40	40 - 10 = 30
90 - 40 = 50	70 - 0 = 70	60 - 40 = 20	90 - 50 = 40
