

Rekenen op de getallenlijn

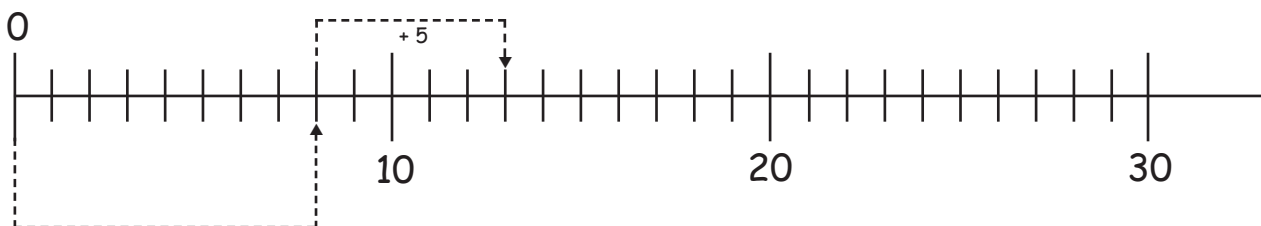

Bereken en teken de uitkomst vervolgens op de getallenlijn!
Het eerste voorbeeld laat je zien, hoe het werkt.

Voorbeeld:

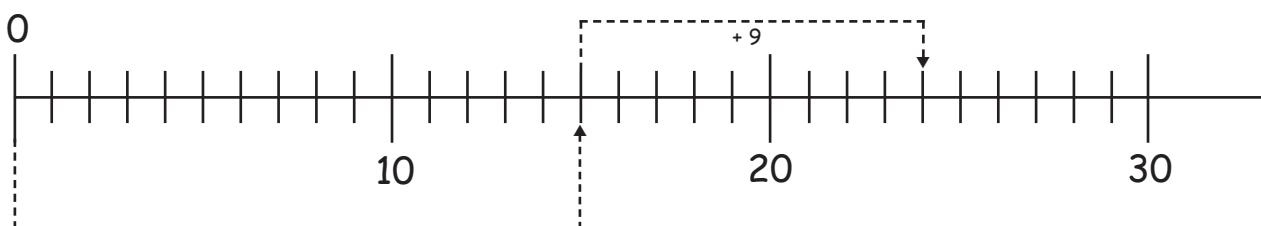

$$12 + 7 = 19$$

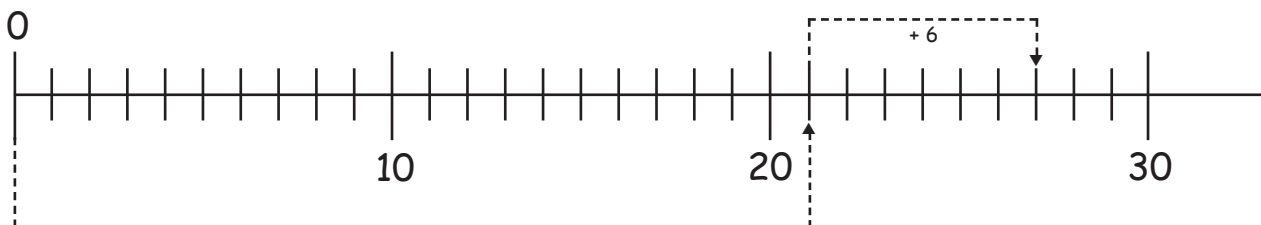

$$8 + 5 = 13$$

$$15 + 9 = 24$$

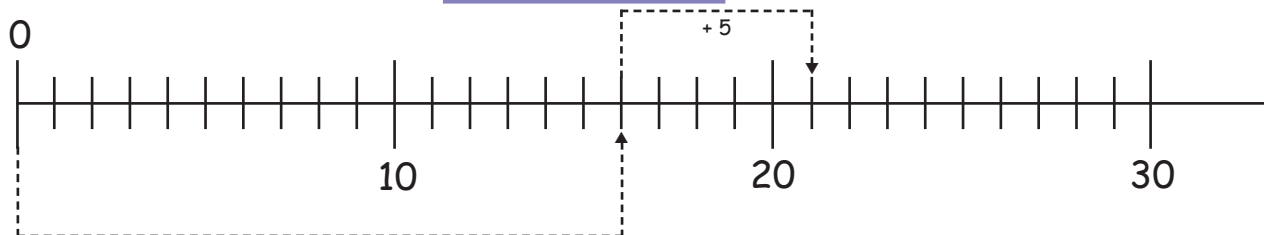

$$21 + 6 = 27$$

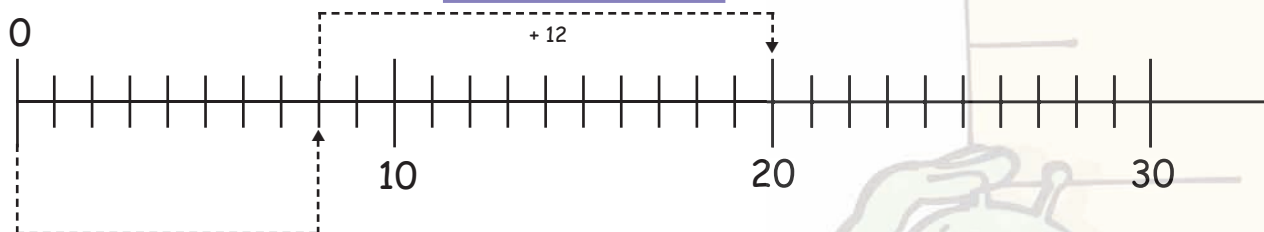

De oplossing en zeer veel andere werkbladen om gratis te downloaden:

www.aduis.nl. Neemt u een kijkje.

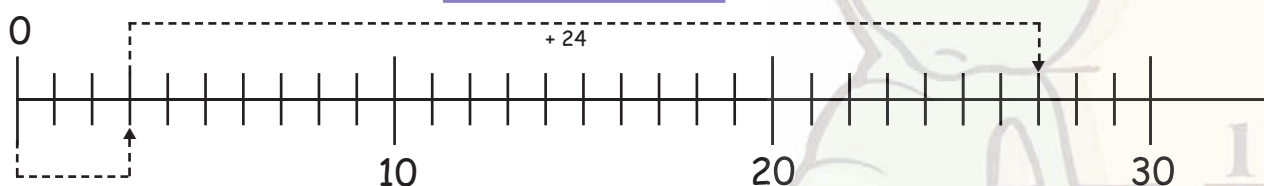

$$16 + 5 = 21$$

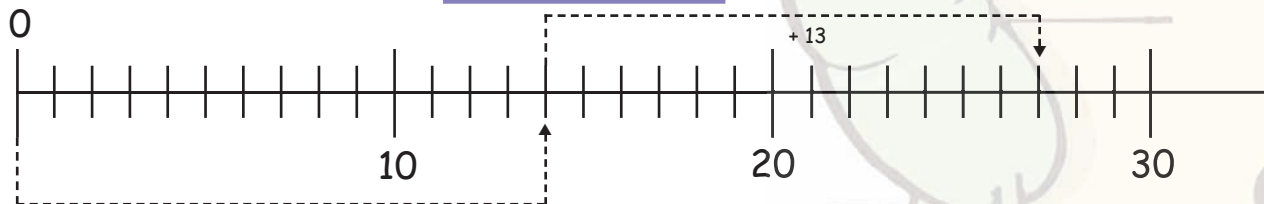

$$8 + 12 = 20$$

$$3 + 24 = 27$$

$$14 + 13 = 27$$

$$10 + 19 = 29$$
